Mission Statement and Values

“Through God’s love, we strive to be the best we can be.”

St Mary’s is an inspiring and creative school which fosters a love of learning as well as developing skills for life. We strive to enhance every child’s moral, spiritual, intellectual, social and physical well-being and celebrate every child’s gifts.

As a faith school we hold **love** at the centre of all we do. This and the following values reflect the ethos of our school.

Respect – ourselves, each other and our environment

Courage – to stand up for what is right, overcome our fears and embrace new challenges

Truth – in the choices we make and our dealings with family, friends, school and community

Hope – that inspires us to look forward in confidence to a better life for all

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

This policy should be read in conjunction with the Inclusion Policy.

St Mary’s Primary school plans to over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.

1. An Accessibility Plan has been drawn up to cover a three year period.
2. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
 - Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are able to fully access the curriculum to the same extent as their peers. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
 - Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
3. The School Brochure will make reference to this Accessibility Plan.
 4. The School's complaints procedure will cover the Accessibility Plan when reviewed.
 5. Information about our Accessibility Plan will be published in the Governors' Annual Report to Parents (statutory).
 6. The Plan will be monitored through the Curriculum and the Premises Committees of the Governors.
 7. The Plan will be monitored by Ofsted as part of their inspection cycle.
 8. We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
