Listen to and guess the sounds. Go on a sound listening walk in your house. Listen very carefully. What sounds can you hear? You could draw and label the sounds.

Indoor Sound Listening Walk

Draw and label the sounds you hear around your home.

If the sounds are louder you could draw them larger. If they are quieter you could draw them smaller.

A large, empty rectangular box with a black border, intended for a student to draw and label sounds heard around their home. The box is currently blank.
